Long-duration space exploration and emotional health: Recommendations for conceptualizing and evaluating risk

Candice A. Alfano, Joanne Bower, Jennifer Cowie, Simon Lau, Richard J. Simpson

PII: S0094-5765(17)30592-1

DOI: [10.1016/j.actaastro.2017.11.009](https://doi.org/10.1016/j.actaastro.2017.11.009)

Reference: AA 6540

To appear in: *Acta Astronautica*

Received Date: 24 April 2017

Revised Date: 28 September 2017

Accepted Date: 8 November 2017

Please cite this article as: C.A. Alfano, J. Bower, J. Cowie, S. Lau, R.J. Simpson, Long-duration space exploration and emotional health: Recommendations for conceptualizing and evaluating risk, *Acta Astronautica* (2017), doi: 10.1016/j.actaastro.2017.11.009.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Long-Duration Space Exploration and Emotional Health:
Recommendations for Conceptualizing and Evaluating Risk

Candice A. Alfano

Joanne Bower

Jennifer Cowie

Simon Lau

Department of Psychology, University of Houston

Richard J. Simpson

Department of Health and Human Performance, University of Houston

This paper was supported by a research grant from the National Aeronautics and Space Administration (NASA; # NNX15AC13G) awarded to C. Alfano and R. Simpson. Address all correspondence to Candice A. Alfano, 126 Heyne Building, Department of Psychology, University of Houston, Houston, TX, USA, 77204; caalfano@uh.edu.
