## Accepted Manuscript

Forecasting Energy Demand in China and India: Using Single-linear, Hybridlinear, and Non-linear Time Series Forecast Techniques

Qiang Wang, Shuyu Li, Rongrong Li

PII: S0360-5442(18)31465-8

DOI: 10.1016/j.energy.2018.07.168

Reference: EGY 13433

To appear in: Energy

Received Date: 21 February 2018

Accepted Date: 25 July 2018

Please cite this article as: Qiang Wang, Shuyu Li, Rongrong Li, Forecasting Energy Demand in China and India: Using Single-linear, Hybrid-linear, and Non-linear Time Series Forecast Techniques, *Energy* (2018), doi: 10.1016/j.energy.2018.07.168

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
