## Accepted Manuscript

Forecasting U.S. Shale Gas Monthly Production Using a Hybrid ARIMA and Metabolic Nonlinear Grey Model

Qiang Wang, Shuyu Li, Rongrong Li, Minglu Ma

PII: S0360-5442(18)31344-6

DOI: 10.1016/j.energy.2018.07.047

Reference: EGY 13312

To appear in: Energy

Received Date: 07 March 2018

Accepted Date: 09 July 2018

Please cite this article as: Qiang Wang, Shuyu Li, Rongrong Li, Minglu Ma, Forecasting U.S. Shale Gas Monthly Production Using a Hybrid ARIMA and Metabolic Nonlinear Grey Model, *Energy* (2018), doi: 10.1016/j.energy.2018.07.047

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
