Benchmarking building energy efficiency using quantile regression

Jonathan Roth, Ram Rajagopal

PII: S0360-5442(18)30336-0

DOI: [10.1016/j.energy.2018.02.108](https://doi.org/10.1016/j.energy.2018.02.108)

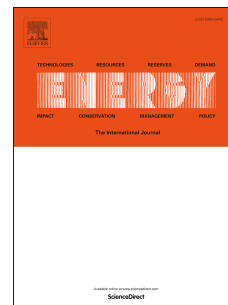

Reference: EGY 12408

To appear in: *Energy*

Received Date: 16 August 2017

Revised Date: 31 January 2018

Accepted Date: 20 February 2018

Please cite this article as: Roth J, Rajagopal R, Benchmarking building energy efficiency using quantile regression, *Energy* (2018), doi: 10.1016/j.energy.2018.02.108.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Benchmarking Building Energy Efficiency Using Quantile Regression
