

# Accepted Manuscript

Linearization of an MINLP model and its application to gas distribution optimization

Markéta Mikolajková, Henrik Saxén, Frank Pettersson

PII: S0360-5442(17)30981-7  
DOI: 10.1016/j.energy.2017.05.185  
Reference: EGY 10993  
To appear in: *Energy*  
Received Date: 27 December 2016  
Revised Date: 25 April 2017  
Accepted Date: 28 May 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Linearization of an MINLP model and its application to gas distribution optimization**
