Sustainable Application of Waste Tire Chips and Geogrid for Improving Load Carrying Capacity of Granular Soils

Ravi Kant Mittal, Gourav Gill

PII: S0959-6526(18)32276-5
DOI: 10.1016/j.jclepro.2018.07.287
Reference: JCLP 13741
To appear in: *Journal of Cleaner Production*
Received Date: 27 December 2017
Accepted Date: 28 July 2018

Please cite this article as: Ravi Kant Mittal, Gourav Gill, Sustainable Application of Waste Tire Chips and Geogrid for Improving Load Carrying Capacity of Granular Soils, *Journal of Cleaner Production* (2018), doi: 10.1016/j.jclepro.2018.07.287

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Sustainable Application of Waste Tire Chips and Geogrid for Improving Load Carrying Capacity of Granular Soils

Ravi Kant Mittal^a, Gourav Gill^{*b}

- a. Associate Professor, Department of Civil Engineering, Pilani Campus, BITS, Pilani, India
- b. Ph.D. Scholar, Department of Civil Engineering, Pilani Campus, BITS, Pilani, India
