## Accepted Manuscript

A Multiple Lifecycle-based Approach to Sustainable Product Configuration Design

Fazleena Badurdeen, Ridvan Aydin, Adam Brown

PII: S0959-6526(18)32306-0

DOI: 10.1016/j.jclepro.2018.07.317

Reference: JCLP 13771

To appear in: Journal of Cleaner Production

Received Date: 01 March 2018

Accepted Date: 30 July 2018

Please cite this article as: Fazleena Badurdeen, Ridvan Aydin, Adam Brown, A Multiple Lifecyclebased Approach to Sustainable Product Configuration Design, *Journal of Cleaner Production* (2018), doi: 10.1016/j.jclepro.2018.07.317

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
