Formation of filamentous microorganisms impedes oxygen transfer and decreases aeration efficiency for wastewater treatment

Guoqiang Liu, Jianmin Wang, Ken Campbell

PII: S0959-6526(18)31152-1

DOI: [10.1016/j.jclepro.2018.04.125](https://doi.org/10.1016/j.jclepro.2018.04.125)

Reference: JCLP 12706

To appear in: *Journal of Cleaner Production*

Received Date: 17 February 2018

Revised Date: 12 April 2018

Accepted Date: 14 April 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Formation of Filamentous Microorganisms Impedes Oxygen Transfer and
Decreases Aeration Efficiency for Wastewater Treatment**
