This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Title: A group decision model based on quality function deployment and hesitant fuzzy for selecting supply chain sustainability metrics

First author: Lauro Osiro

Affiliation: Federal University of Triangulo Mineiro
Department of Production Engineering
Av. Doutor Randolpho Borges Júnior, 1250
Univerdecidade CEP 38064-200. Uberaba – MG - Brazil

Second author: Francisco Rodrigues Lima-Junior

Affiliation: Federal University of Technology of Parana (UTFPR)
Department of Management and Economy
Av. Sete de Setembro, 3165 – Rebouças, CEP 80230-901 –Curitiba – PR - Brazil

Third author: Luiz Cesar Ribeiro Carpinetti

Affiliation:
Production Engineering Department
School of Engineering of São Carlos, University of São Paulo
Av. Trabalhador Sancarlene, 400, CEP 13566-590, São Carlos, SP, Brazil.

Corresponding author: Luiz Cesar Ribeiro Carpinetti
