

Accepted Manuscript

Lifecycle costs and charging requirements of electric buses with different charging methods

Antti Lajunen

PII: S0959-6526(17)32359-4

DOI: [10.1016/j.jclepro.2017.10.066](https://doi.org/10.1016/j.jclepro.2017.10.066)

Reference: JCLP 10858

To appear in: *Journal of Cleaner Production*

Received Date: 1 March 2017

Revised Date: 13 September 2017

Accepted Date: 7 October 2017

Please cite this article as: Lajunen A, Lifecycle costs and charging requirements of electric buses with different charging methods, *Journal of Cleaner Production* (2017), doi: 10.1016/j.jclepro.2017.10.066.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Lifecycle costs and charging requirements of electric buses with different
charging methods
