

Accepted Manuscript

Absorption of dilute sulfur dioxide in ethanediamine with ethylene glycol or polyethylene glycol 400 plus water system

Yanxia Niu, Chang Li, Jun Shen, Xionghui Wei

PII: S0959-6526(17)32273-4

DOI: [10.1016/j.jclepro.2017.09.269](https://doi.org/10.1016/j.jclepro.2017.09.269)

Reference: JCLP 10774

To appear in: *Journal of Cleaner Production*

Received Date: 29 June 2017

Revised Date: 24 September 2017

Accepted Date: 28 September 2017

Please cite this article as: Niu Y, Li C, Shen J, Wei X, Absorption of dilute sulfur dioxide in ethanediamine with ethylene glycol or polyethylene glycol 400 plus water system, *Journal of Cleaner Production* (2017), doi: 10.1016/j.jclepro.2017.09.269.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Absorption of dilute sulfur dioxide in ethanediamine with ethylene glycol or polyethylene glycol 400 plus water system
