Vermicomposting as a technology for reducing nitrogen losses and greenhouse gas emissions from small-scale composting

Abebe Nigussie, Thomas W. Kuyper, Sander Bruun, Andreas de Neergaard

PII: S0959-6526(16)31206-9

DOI: [10.1016/j.jclepro.2016.08.058](https://doi.org/10.1016/j.jclepro.2016.08.058)

Reference: JCLP 7850

To appear in: *Journal of Cleaner Production*

Received Date: 21 February 2016

Revised Date: 26 July 2016

Accepted Date: 13 August 2016

Please cite this article as: Nigussie A, Kuyper TW, Bruun S, de Neergaard A, Vermicomposting as a technology for reducing nitrogen losses and greenhouse gas emissions from small-scale composting, *Journal of Cleaner Production* (2016), doi: 10.1016/j.jclepro.2016.08.058.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

## Vermicomposting as a technology for reducing nitrogen losses and greenhouse gas emissions from small-scale composting
