

Accepted Manuscript

A classification of user research methods for design for sustainable behaviour

Johannes Daae , Casper Boks

PII: S0959-6526(14)00412-0

DOI: [10.1016/j.jclepro.2014.04.056](https://doi.org/10.1016/j.jclepro.2014.04.056)

Reference: JCLP 4263

To appear in: *Journal of Cleaner Production*

Received Date: 13 September 2013

Revised Date: 22 April 2014

Accepted Date: 22 April 2014

Please cite this article as: Daae J, Boks C, A classification of user research methods for design for sustainable behaviour, *Journal of Cleaner Production* (2014), doi: 10.1016/j.jclepro.2014.04.056.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

A classification of user research methods for design for sustainable
behaviour
