Data driven model for sonic well log prediction

David Onalo, Sunday Adedigba, Faisal Khan, Lesley James, Stephen Butt

PII: S0920-4105(18)30561-8

DOI: [10.1016/j.petrol.2018.06.072](https://doi.org/10.1016/j.petrol.2018.06.072)

Reference: PETROL 5079

To appear in: *Journal of Petroleum Science and Engineering*

Received Date: 20 April 2018

Revised Date: 21 June 2018

Accepted Date: 24 June 2018

Please cite this article as: Onalo, D., Adedigba, S., Khan, F., James, L., Butt, S., Data driven model for sonic well log prediction, *Journal of Petroleum Science and Engineering* (2018), doi: 10.1016/j.petrol.2018.06.072.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Data Driven Model for Sonic Well Log Prediction
