Enhance low temperature oxidization of shale gas recovery using hydrogen peroxide

Yu Zhou, Yafeng Lei, Wei Chen, Weigan Yu

PII: S0920-4105(18)30066-4

DOI: [10.1016/j.petrol.2018.01.053](https://doi.org/10.1016/j.petrol.2018.01.053)

Reference: PETROL 4640

To appear in: *Journal of Petroleum Science and Engineering*

Received Date: 17 August 2017

Revised Date: 22 November 2017

Accepted Date: 25 January 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

1 **Enhance Low Temperature Oxidization of Shale**
2 **Gas Recovery Using Hydrogen Peroxide**
