## Accepted Manuscript

Stochastic generation of virtual porous media using a pseudo-crystallization approach

Meysam Rahmanian, Apostolos Kantzas

PII: S1875-5100(18)30086-6

DOI: 10.1016/j.jngse.2018.02.016

Reference: JNGSE 2472

To appear in: Journal of Natural Gas Science and Engineering

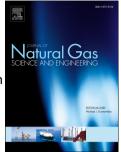

Received Date: 1 September 2017

Revised Date: 11 February 2018

Accepted Date: 18 February 2018

Please cite this article as: Rahmanian, M., Kantzas, A., Stochastic generation of virtual porous media using a pseudo-crystallization approach, *Journal of Natural Gas Science & Engineering* (2018), doi: 10.1016/j.jngse.2018.02.016.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

## Stochastic Generation of Virtual Porous Media Using a Pseudo-Crystallization Approach
