

Accepted Manuscript

The interior and orbital evolution of Charon as preserved in its geologic record

Alyssa Rose Rhoden, Wade Henning, Terry A. Hurford, Douglas P. Hamilton

PII: S0019-1035(14)00222-X

DOI: <http://dx.doi.org/10.1016/j.icarus.2014.04.030>

Reference: YICAR 11060

To appear in: *Icarus*

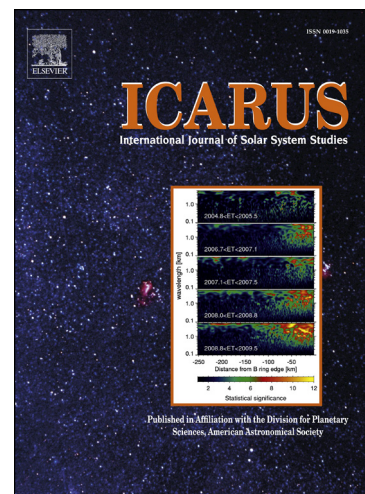

Received Date: 28 December 2013

Revised Date: 18 April 2014

Accepted Date: 18 April 2014

Please cite this article as: Rhoden, A.R., Henning, W., Hurford, T.A., Hamilton, D.P., The interior and orbital evolution of Charon as preserved in its geologic record, *Icarus* (2014), doi: <http://dx.doi.org/10.1016/j.icarus.2014.04.030>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

The interior and orbital evolution of Charon as preserved in its geologic record

Alyssa Rose Rhoden*¹, Wade Henning^{1,2}, Terry A. Hurford¹, and Douglas P. Hamilton²

1 – NASA Goddard Space Flight Center, Code 693; Greenbelt, MD 20771.

2 – Department of Astronomy, University of Maryland, College Park; College Park, MD

* - Previously published under the surname Sarid

Manuscript pages: 23

Figures: 7 in the main text, 2 in the SOM

Tables: 2

Keywords: Charon; Rotational dynamics; Tectonics; Pluto, satellites; Satellites, surfaces
