

Accepted Manuscript

Using LROC WAC data for Lunar surface photoclinometry

Viktor Korokhin, Yuri Velikodsky, Yuriy Shkuratov, Vadym Kaydash, Urs Mall, Gorden Videen

PII: S0032-0633(18)30063-1

DOI: [10.1016/j.pss.2018.05.020](https://doi.org/10.1016/j.pss.2018.05.020)

Reference: PSS 4550

To appear in: *Planetary and Space Science*

Received Date: 14 February 2018

Revised Date: 16 May 2018

Accepted Date: 31 May 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
