Illumination invariant feature point matching for high-resolution planetary remote sensing images

Bo Wu, Hai Zeng, Han Hu

PII: S0032-0633(17)30317-3

DOI: [10.1016/j.pss.2018.01.007](https://doi.org/10.1016/j.pss.2018.01.007)

Reference: PSS 4462

To appear in: *Planetary and Space Science*

Received Date: 26 August 2017

Revised Date: 12 January 2018

Accepted Date: 13 January 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
