#### Accepted Manuscript

Thermal image analysis using the serpentine method

Robert Koprowski, Sławomir Wilczyński

PII: S1350-4495(17)30548-0

DOI: https://doi.org/10.1016/j.infrared.2017.12.019

Reference: INFPHY 2456

To appear in: Infrared Physics & Technology

Received Date: 31 August 2017 Revised Date: 4 December 2017 Accepted Date: 29 December 2017

Please cite this article as: R. Koprowski, S. Wilczyński, Thermal image analysis using the serpentine method, *Infrared Physics & Technology* (2017), doi: https://doi.org/10.1016/j.infrared.2017.12.019

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
