

## Accepted Manuscript

A simple parameterization for the height of maximum ozone heating rate

Feng Zhang, Can Hou, Jiangnan Li, Renqiang Liu, Cuiping Liu

PII: S1350-4495(17)30418-8

DOI: <http://dx.doi.org/10.1016/j.infrared.2017.09.002>

Reference: INFPHY 2373

To appear in: *Infrared Physics & Technology*

Received Date: 10 July 2017

Revised Date: 5 September 2017

Accepted Date: 5 September 2017

Please cite this article as: F. Zhang, C. Hou, J. Li, R. Liu, C. Liu, A simple parameterization for the height of maximum ozone heating rate, *Infrared Physics & Technology* (2017), doi: <http://dx.doi.org/10.1016/j.infrared.2017.09.002>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

# A simple parameterization for the height of maximum ozone heating rate
