Pre- and post-surgery MRSI predictive value in adult oligodendroglioma prognosis

Caroline Bund, François Lefebvre, Roland Schott, Marie-Pierre Chenard, Benoît Lhermitte, Hélène Cebula, Stéphane Kremer, François Proust, Izzie-Jacques Namer

PII: S0730-725X(18)30217-0
DOI: doi:[10.1016/j.mri.2018.06.007](https://doi.org/10.1016/j.mri.2018.06.007)
Reference: MRI 8980

To appear in: *Magnetic Resonance Imaging*

Received date: 16 January 2018
Revised date: 14 May 2018
Accepted date: 10 June 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
