Experimental comparison between performance of the PM and LPM methods in computed radiography

Aboutaleb Kermani, Seyed Amir Hossein Feghhi, Behrouz Rokrok

PII: S0168-9002(18)30520-5
DOI: <https://doi.org/10.1016/j.nima.2018.04.026>
Reference: NIMA 60746

To appear in: *Nuclear Inst. and Methods in Physics Research, A*

Received date: 26 December 2017

Revised date: 9 April 2018

Accepted date: 15 April 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Experimental comparison between performance of the PM and LPM methods in computed radiography
