Accepted Manuscript

Morphological and permeable properties of antibacterial double-layered composite nonwovens consisting of microfibers and nanofibers

Yun Ok Kang, Jung Nam Im, Won Ho Park

PII: S1359-8368(15)00046-3

DOI: 10.1016/j.compositesb.2015.01.029

Reference: JCOMB 3378

To appear in: Composites Part B

Received Date: 18 September 2014

Revised Date: 8 December 2014

Accepted Date: 15 January 2015

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Morphological and permeable properties of antibacterial double-layered composite

nonwovens consisting of microfibers and nanofibers
