Thermoluminescence response of $\text{CaF}_2:\text{Dy}$ as a function of irradiation temperature between room temperature and 270°C

E.C. Karsu Asal, G.S. Polymeris, G. Kitis

PII: S1350-4487(18)30231-2

DOI: [10.1016/j.radmeas.2018.08.004](https://doi.org/10.1016/j.radmeas.2018.08.004)

Reference: RM 5971

To appear in: *Radiation Measurements*

Received Date: 28 March 2018

Revised Date: 11 June 2018

Accepted Date: 4 August 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Thermoluminescence response of $\text{CaF}_2:\text{Dy}$ as a function of irradiation
