

Author's Accepted Manuscript

Effects of gamma radiation on the physicochemical properties of brown rice and changes in the quality of porridge

Na-Young Lee, Jae-Kyung Kim

PII: S0969-806X(17)30783-1
DOI: <https://doi.org/10.1016/j.radphyschem.2018.07.021>
Reference: RPC7949

To appear in: *Radiation Physics and Chemistry*

Received date: 30 July 2017
Revised date: 9 March 2018
Accepted date: 23 July 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting galley proof before it is published in its final citable form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Effects of gamma radiation on the physicochemical properties of
brown rice and changes in the quality of porridge**
