

## Accepted Manuscript

Inhibition of mitochondrial fission prevents hypoxia-induced metabolic shift and cellular proliferation of pulmonary arterial smooth muscle cells

Valentina Parra, Roberto Bravo-Sagua, Ignacio Norambuena-Soto, Carolina P. Hernández-Fuentes, Andrés G. Gómez-Contreras, Hugo E. Verdejo, Rosemarie Mellado, Mario Chiong, Sergio Lavandero, Pablo F. Castro

PII: S0925-4439(17)30244-2  
DOI: doi:[10.1016/j.bbadis.2017.07.018](https://doi.org/10.1016/j.bbadis.2017.07.018)  
Reference: BBADIS 64830

To appear in: *BBA - Molecular Basis of Disease*

Received date: 11 March 2017  
Revised date: 17 July 2017  
Accepted date: 20 July 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

## Inhibition of mitochondrial fission prevents hypoxia-induced metabolic shift and cellular proliferation of pulmonary arterial smooth muscle cells
