

# Accepted Manuscript

Potential role of MicroRNA 200c gene expression in assessment of colorectal cancer

Safaa I. Tayel, Eman A.M. Fouda, Suzy F. Gohar, Elsayed I. Elshayeb, Eman H. El-sayed, Salah M. El-kousy

PII: S0003-9861(18)30172-3

DOI: [10.1016/j.abb.2018.04.009](https://doi.org/10.1016/j.abb.2018.04.009)

Reference: YABBI 7711

To appear in: *Archives of Biochemistry and Biophysics*

Received Date: 3 March 2018

Revised Date: 28 March 2018

Accepted Date: 12 April 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

## Potential Role of MicroRNA 200c Gene Expression in Assessment of Colorectal Cancer
