Mitochondrial quality control pathways: PINK1 acts as a gatekeeper

Elvira P. Leites, Vanessa A. Morais

PII: S0006-291X(17)31227-5

DOI: [10.1016/j.bbrc.2017.06.096](https://doi.org/10.1016/j.bbrc.2017.06.096)

Reference: YBBRC 38002

To appear in: *Biochemical and Biophysical Research Communications*

Received Date: 19 April 2017

Accepted Date: 16 June 2017

Please cite this article as: E.P. Leites, V.A. Morais, Mitochondrial quality control pathways: PINK1 acts as a gatekeeper, *Biochemical and Biophysical Research Communications* (2017), doi: 10.1016/j.bbrc.2017.06.096.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Title:**

Mitochondrial quality control pathways: PINK1 acts as a gatekeeper
