This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Berberine alleviates hepatic lipid accumulation by increasing ABCA1 through the protein kinase C δ pathway

Hui Liang, Yutong Wang*

Department of Cell Biology, Municipal Laboratory for Liver Protection and Regulation of Regeneration, School of Basic Medical Sciences, Capital Medical University, Beijing, 100069, China

Running title: Berberine decreases PKC δ activity to increase ABCA1
