Protein S-glutathionylation induced by hypoxia increases hypoxia-inducible factor-1 α in human colon cancer cells

Daun Jeon, Heon Joo Park, Hong Seok Kim

PII: S0006-291X(17)32196-4

DOI: [10.1016/j.bbrc.2017.11.018](https://doi.org/10.1016/j.bbrc.2017.11.018)

Reference: YBBRC 38811

To appear in: *Biochemical and Biophysical Research Communications*

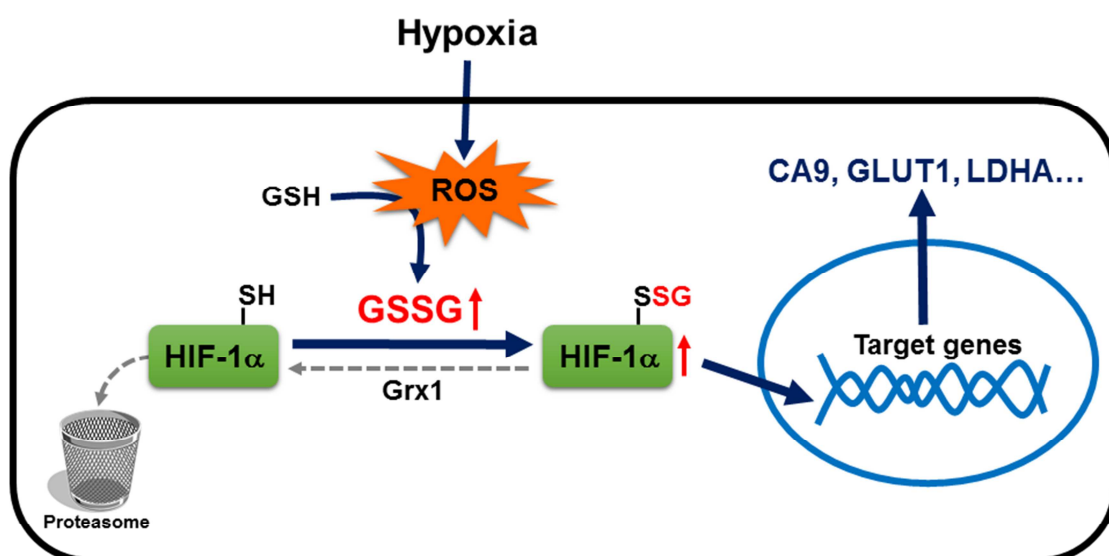

Received Date: 30 October 2017

Accepted Date: 2 November 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
