

## Accepted Manuscript

The idebenone metabolite QS10 restores electron transfer in complex I and coenzyme Q defects

Valentina Giorgio, Marco Schiavone, Chiara Galber, Marco Carini, Tatiana Da Ros, Valeria Petronilli, Francesco Argenton, Valerio Carelli, Manuel J. Acosta Lopez, Leonardo Salviati, Maurizio Prato, Paolo Bernardi

PII: S0005-2728(18)30080-X  
DOI: doi:[10.1016/j.bbabbio.2018.04.006](https://doi.org/10.1016/j.bbabbio.2018.04.006)  
Reference: BBABIO 47905

To appear in:

Received date: 30 January 2018  
Revised date: 3 April 2018  
Accepted date: 18 April 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
