Stress-induced acidification may contribute to formation of unusual structures in C9orf72-repeats

Bitá Zamiri, Mila Mirceta, Rashid Abu-Ghazalah, Marc S. Wold, Christopher E. Pearson, Robert B. Macgregor

PII: S0304-4165(18)30057-6
DOI: doi:[10.1016/j.bbagen.2018.03.001](https://doi.org/10.1016/j.bbagen.2018.03.001)
Reference: BBAGEN 29052

To appear in:

Received date: 18 October 2017
Revised date: 22 February 2018
Accepted date: 4 March 2018

Please check if appropriate. Bbagen(2018), doi:[10.1016/j.bbagen.2018.03.001](https://doi.org/10.1016/j.bbagen.2018.03.001)

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Stress-induced acidification may contribute to formation of unusual structures in *C9orf72*-repeats

October 2017

Revised January 2018

Revised February 2018
