IL-7-induced phosphorylation of the adaptor Crk-like and other targets

Francesca B. Aiello, Tad Guszczynski, Wenqing Li, Qiong Jiang, Deborah L. Hodg, Tania Massignan, Chiara Di Lisio, Anand Merchand, Antonio D. Procopio, Valentina Bonetto, Scott K. Durum

PII: S0898-6568(18)30073-1
DOI: doi:[10.1016/j.cellsig.2018.03.008](https://doi.org/10.1016/j.cellsig.2018.03.008)
Reference: CLS 9094
To appear in: *Cellular Signalling*
Received date: 16 March 2018
Accepted date: 20 March 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
