

Accepted Manuscript

Next generation sequencing as a follow-up test in an expanded newborn screening programme

Smon Andraz, Repic Lampret Barbka, Groselj Urh, Zerjav Tansek Mojca, Kovac Jernej, Perko Dasa, Bertok Sara, Battelino Tadej, Trebusak Podkrajsek Katarina

PII: S0009-9120(17)30563-5
DOI: doi:[10.1016/j.clinbiochem.2017.10.016](https://doi.org/10.1016/j.clinbiochem.2017.10.016)
Reference: CLB 9649
To appear in: *Clinical Biochemistry*
Received date: 7 June 2017
Revised date: 23 October 2017
Accepted date: 23 October 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Full title: **Next generation sequencing as a follow-up test in an expanded newborn screening programme**

Short title: **NGS as follow-up test in NBS**
