Title: The Democratization of Gene Editing: Insights from site-specific cleavage and double-strand break repair

Author: Maria Jasin James E. Haber

PII: S1568-7864(16)30079-9

DOI: <http://dx.doi.org/doi:10.1016/j.dnarep.2016.05.001>

Reference: DNAREP 2251

To appear in: *DNA Repair*

Please cite this article as: Maria Jasin, James E.Haber, The Democratization of Gene Editing: Insights from site-specific cleavage and double-strand break repair, DNA Repair <http://dx.doi.org/10.1016/j.dnarep.2016.05.001>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

The Democratization of Gene Editing: Insights from site-specific cleavage and double-strand break repair
