

## Accepted Manuscript

Title: Identification of a high affinity binding site for abscisic acid on human Lanthionine synthetase component C-like protein 2

Authors: Elena Cichero, Chiara Fresia, Lucrezia Guida, Valeria Booz, Enrico Millo, Claudia Scotti, Luisa Iamele, Hugo de Jonge, Denise Galante, Antonio De Flora, Laura Sturla, Tiziana Vigliarolo, Elena Zocchi, Paola Fossa

PII: S1357-2725(18)30031-1  
DOI: <https://doi.org/10.1016/j.biocel.2018.02.003>  
Reference: BC 5300

To appear in: *The International Journal of Biochemistry & Cell Biology*

Received date: 12-6-2017  
Revised date: 25-1-2018  
Accepted date: 2-2-2018

Please cite this article as: Cichero, Elena., Fresia, Chiara., Guida, Lucrezia., Booz, Valeria., Millo, Enrico., Scotti, Claudia., Iamele, Luisa., de Jonge, Hugo., Galante, Denise., De Flora, Antonio., Sturla, Laura., Vigliarolo, Tiziana., Zocchi, Elena., & Fossa, Paola., Identification of a high affinity binding site for abscisic acid on human Lanthionine synthetase component C-like protein 2. *International Journal of Biochemistry and Cell Biology* <https://doi.org/10.1016/j.biocel.2018.02.003>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

## Identification of a high affinity binding site for abscisic acid on human Lanthionine synthetase component C-like protein 2
