

## Accepted Manuscript

Pullulan-alginate fibers produced using free surface electrospinning

Qian Xiao, Loong-Tak Lim

PII: S0141-8130(17)33762-5

DOI: <https://doi.org/10.1016/j.ijbiomac.2018.02.005>

Reference: BIOMAC 9055

To appear in:

Received date: 29 September 2017

Revised date: 8 January 2018

Accepted date: 1 February 2018

Please cite this article as: Qian Xiao, Loong-Tak Lim , Pullulan-alginate fibers produced using free surface electrospinning. The address for the corresponding author was captured as affiliation for all authors. Please check if appropriate. Biomac(2017), <https://doi.org/10.1016/j.ijbiomac.2018.02.005>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
