

## Accepted Manuscript

Integration of quantitative proteomics data and interaction networks: identification of dysregulated cellular functions during cancer progression

Andreas Zanzoni, Christine Brun

PII: S1046-2023(15)30089-X

DOI: <http://dx.doi.org/10.1016/j.ymeth.2015.09.014>

Reference: YMETH 3795

To appear in: *Methods*

Received Date: 14 June 2015

Revised Date: 2 September 2015

Accepted Date: 14 September 2015

Please cite this article as: A. Zanzoni, C. Brun, Integration of quantitative proteomics data and interaction networks: identification of dysregulated cellular functions during cancer progression, *Methods* (2015), doi: <http://dx.doi.org/10.1016/j.ymeth.2015.09.014>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

1       **Integration of quantitative proteomics data and interaction**  
2       **networks: identification of dysregulated cellular functions**  
3                       **during cancer progression**
