Serum nitric oxide level correlates with serum brain natriuretic peptide and whole blood viscosity in hemodialysis patients

Jong Hwan Jung, Dong Hwan Lee, Young I. Cho, Yoon Jung Chae, Yu Jin Jung, Kyung Pyo Kang, Won Kim

PII: S1089-8603(17)30193-3

DOI: [10.1016/j.niox.2018.03.018](https://doi.org/10.1016/j.niox.2018.03.018)

Reference: YNIOX 1771

To appear in: *Nitric Oxide*

Received Date: 4 August 2017

Revised Date: 18 March 2018

Accepted Date: 21 March 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
