A behavioral mechanistic investigation of the role of 5-HT1A receptors in the mediation of rat maternal behavior

Xiaonan Li, Xiaojing Ding, Ruiyong Wu, Leilei Chen, Jun Gao, Gang Hu, Ming Li

PII: S0091-3057(17)30699-8

DOI: doi:[10.1016/j.pbb.2018.04.002](https://doi.org/10.1016/j.pbb.2018.04.002)

Reference: PBB 72584

To appear in: *Pharmacology, Biochemistry and Behavior*

Received date: 11 December 2017

Revised date: 6 April 2018

Accepted date: 6 April 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

A Behavioral Mechanistic Investigation of the Role of 5-HT_{1A} Receptors in the Mediation of Rat Maternal Behavior
