## Accepted Manuscript

Title: Mapping of domains of heat stress transcription factor OsHsfA6a responsible for its transactivation activity

Authors: Garima Singh, Neelam K. Sarkar, Anil Grover

PII: S0168-9452(18)30154-7

DOI: https://doi.org/10.1016/j.plantsci.2018.05.010

Reference: PSL 9845

To appear in: Plant Science

Received date: 3-2-2018
Revised date: 10-5-2018
Accepted date: 14-5-2018

Please cite this article as: Singh G, Sarkar NK, Grover A, Mapping of domains of heat stress transcription factor OsHsfA6a responsible for its transactivation activity, *Plant Science* (2018), https://doi.org/10.1016/j.plantsci.2018.05.010

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

## ACCEPTED MANUSCRIPT

Mapping of domains of heat stress transcription factor OsHsfA6a responsible for its transactivation activity
