

## Accepted Manuscript

Title: Therapy escape mechanisms in the malignant prostate

Author: Frédéric R. Santer Holger H.H. Erb Rhiannon V. McNeill

PII: S1044-579X(15)00068-1  
DOI: <http://dx.doi.org/doi:10.1016/j.semcancer.2015.08.005>  
Reference: YSCBI 1207

To appear in: *Seminars in Cancer Biology*

Received date: 15-6-2015  
Revised date: 12-8-2015  
Accepted date: 14-8-2015

Please cite this article as: Santer FR, Erb HHH, McNeill RV, Therapy escape mechanisms in the malignant prostate, *Seminars in Cancer Biology* (2015), <http://dx.doi.org/10.1016/j.semcancer.2015.08.005>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Therapy escape mechanisms in the malignant prostate**
