

## Accepted Manuscript

Title: Integrative taxonomy of ciliates: assessment of molecular phylogenetic content and morphological homology testing

Author: Peter Vd'ačný

PII: S0932-4739(16)30117-1  
DOI: <http://dx.doi.org/doi:10.1016/j.ejop.2017.02.001>  
Reference: EJOP 25480

To appear in:

Please cite this article as: Vd'ačný, Peter, Integrative taxonomy of ciliates: assessment of molecular phylogenetic content and morphological homology testing. European Journal of Protistology <http://dx.doi.org/10.1016/j.ejop.2017.02.001>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

# **Integrative taxonomy of ciliates: assessment of molecular phylogenetic content and morphological homology testing**
