Title: Lack of tocopherols influence the PSII antenna and the functioning of photosystems under low light

Authors: Ewa Niewiadomska, Kathleen Brückner, Maria Mulisch, Jerzy Kruk, Aleksandra Orzechowska, Maria Pilarska, Rafał Luchowski, Wiesław I. Gruszecki, Karin Krupinska

PII: S0176-1617(18)30027-0
DOI: <https://doi.org/10.1016/j.jplph.2018.02.005>
Reference: JPLPH 52729

To appear in:

Received date: 20-9-2017
Revised date: 2-2-2018
Accepted date: 4-2-2018

Please cite this article as: Niewiadomska Ewa, Brückner Kathleen, Mulisch Maria, Kruk Jerzy, Orzechowska Aleksandra, Pilarska Maria, Luchowski Rafał, Gruszecki Wiesław I, Krupinska Karin. Lack of tocopherols influence the PSII antenna and the functioning of photosystems under low light. *Journal of Plant Physiology* <https://doi.org/10.1016/j.jplph.2018.02.005>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Lack of tocopherols influence the PSII antenna and the functioning of photosystems under low light
