

Accepted Manuscript

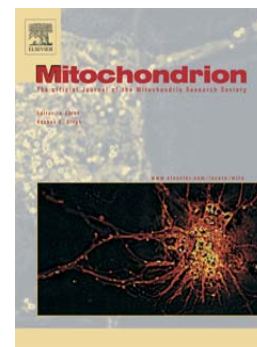

Phenotypic diversity associated with the *MT-TV* gene m.1644G > A mutation, a matter of quantity

Matthew J. Fraidakis, Claude Jardel, Stéphane Allouche, Isabelle Nelson, Karine Auré, Abdelhamid Slama, Isabelle Lemièrre, Jean Philippe Thenint, Jean Baptiste Hamon, Fabien Zagnoli, Delphine Heron, Frédéric Sedel, Anne Lombès

PII: S1567-7249(14)00036-1
DOI: doi: [10.1016/j.mito.2014.03.010](https://doi.org/10.1016/j.mito.2014.03.010)
Reference: MITOCH 904

To appear in: *Mitochondrion*

Received date: 26 December 2013
Revised date: 20 March 2014
Accepted date: 24 March 2014

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
