Single-molecule FRET studies of ion channels

Boris Martinac

PII: S0079-6107(17)30062-7

DOI: [10.1016/j.pbiomolbio.2017.06.014](https://doi.org/10.1016/j.pbiomolbio.2017.06.014)

Reference: JPBM 1225

To appear in: *Progress in Biophysics and Molecular Biology*

Received Date: 14 March 2017

Revised Date: 19 June 2017

Accepted Date: 21 June 2017

Please cite this article as: Martinac, B., Single-molecule FRET studies of ion channels, *Progress in Biophysics and Molecular Biology* (2017), doi: 10.1016/j.pbiomolbio.2017.06.014.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Single-molecule FRET studies of ion channels
