Insects as models to study the epigenetic basis of disease

Krishnendu Mukherjee, Richard M. Twyman, Andreas Vilcinskas

PII: S0079-6107(15)00034-6

DOI: [10.1016/j.pbiomolbio.2015.02.009](https://doi.org/10.1016/j.pbiomolbio.2015.02.009)

Reference: JPBM 993

To appear in: *Progress in Biophysics and Molecular Biology*

Received Date: 2 September 2014

Revised Date: 6 January 2015

Accepted Date: 23 February 2015

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Insects as models to study the epigenetic basis of disease
