Drug delivery systems and materials for wound healing applications

Saghi Saghazadeh, Chiara Rinoldi, Maik Schot, Sara Saheb Kashaf, Fatemeh Sharifi, Elmira Jalilian, Kristo Nuutila, Giorgio Giatsidis, Pooria Mostafalu, Hossein Derakhshandeh, Kan Yue, Wojciech Swieszkowski, Adnan Memic, Ali Tamayol, Ali Khademhosseini

PII: S0169-409X(18)30060-7
DOI: doi:[10.1016/j.addr.2018.04.008](https://doi.org/10.1016/j.addr.2018.04.008)
Reference: ADR 13289
To appear in: *Advanced Drug Delivery Reviews*
Received date: 7 February 2018
Revised date: 1 April 2018
Accepted date: 3 April 2018

Please cite this article as: Saghi Saghazadeh, Chiara Rinoldi, Maik Schot, Sara Saheb Kashaf, Fatemeh Sharifi, Elmira Jalilian, Kristo Nuutila, Giorgio Giatsidis, Pooria Mostafalu, Hossein Derakhshandeh, Kan Yue, Wojciech Swieszkowski, Adnan Memic, Ali Tamayol, Ali Khademhosseini, Drug delivery systems and materials for wound healing applications. This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
