Title: Ecological systems as computer networks: long distance sea dispersal as a communication medium between island plant populations

Author: Adnen Sanaa Samir Ben Abid Abdennacer Boulila
Chokri Messaoud Mohamed Boussaid Najeh Ben Fadhel

PII: S0303-2647(16)30039-9
DOI: <http://dx.doi.org/doi:10.1016/j.biosystems.2016.04.006>
Reference: BIO 3654

To appear in: *BioSystems*

Received date: 3-11-2015
Revised date: 3-4-2016
Accepted date: 5-4-2016

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Ecological systems as computer networks: long distance sea dispersal as a communication medium between island plant populations
